

7th April 2017

Mr Ted Chitham
National Secretary
The Royal Australian Regiment Association
Gallipoli Barracks, Enoggera QLD 4051

Dear Ted

Re: Wilson Security and Commonwealth Games 2018

Further to recent conversations, I am pleased to confirm that Arnold Group Australia is the authorised recruitment representative for Wilson Security and their engagement throughout the Commonwealth Games being held on the Gold Coast QLD in 2018.

As discussed, we are very keen to engage with your organisation and seek your assistance to recruit a significant number of returned services people for Wilson Security.

We will be working on three role levels. All roles are Security Officers and will be engaged at different times and with different needs.

- Supervisors.
- Security Screening Officers (eg: Airport type screening).
- General Security Officers.

These personnel will be required prior to the commencement of the games, during the games and post games. Duties will include, asset management, crowd and traffic control, screening and venue monitoring.

The initial stages of this project are to identify the following:

- Those personnel who hold current security industry licences.
- Those who do not hold a security industry licence, however may qualify to complete the appropriate training program.
- Location of personnel and their willingness to travel as required.

As mentioned, there is an initial preference for those people living in South East Queensland. People from broader Queensland and other states will also be required. Appropriate travel and accommodation arrangements will be made as required.

We are seeking your assistance to identify the numbers you have available in the categories above of those people interested in this rare opportunity to work as part of the team throughout the Commonwealth Games.

Timeframes are becoming critical as the training programs will commence from June 2017 to ensure that people are certified and licenced by August 2017. We are keen to commence this identification and selection process now.

To assist in facilitation these activities the following link can be used by interested persons to provide their expression of interest and details. www.arnoldgroup.com.au/ws.

We are looking forward to working with you and achieving a successful outcome for both Wilson Security but also those returned services men and women who are seeking a new challenge.

Please feel free to contact me at any time for further information or clarification on numbers below.

Yours sincerely

A handwritten signature in blue ink, appearing to read "Glenn Arnold", with a small flourish at the end.
